## The Challenge of Jesus: Rediscovering Who Jesus Was and Is

Today a renewed and vigorous scholarly quest for the historical Jesus is underway. In the midst of well-publicized and controversial books on Jesus, N. T. Wright's lectures and writings have been widely recognized for providing a fresh, provocative and historically credible portrait. Now this paperback edition of Wright's classic work contains the same original content plus even more insight with an all-new introduction by the author. Out of his own commitment to both historical scholarship and Christian ministry, Wright challenges us to roll up our sleeves and take seriously the study of the historical Jesus. He writes, "Many Christians have been, frankly, sloppy in their thinking and tal

## The Sun Witch (Fyne Witches, Book 1)

For 300 years, the Fyne women have called the mountain Orianan their home, inheriting the supernatural arts from their mothers--but a long-ago curse makes true love unattainable for them. When she meets the green-eyed soldier of her dreams, youngest sister Sophie discovers that she has been gi

## Tales From the Glass Ceiling: A Survival Guide for Women in Business

12-14% of UK businesses are majority owned by women, a statistic that shows both the great strides women have made in business in the past two decades and how many obstacles still remain in a culture where 90% of the top roles are held by men. Jo Haigh has worked for many years in corporate finance

What others say about this ebook:

**Review 1:**

I read this book for a class and it was excellent.

**Review 2:**

Listening to this book made me think of one of my New Testament professors, who in one of his first lessons said he truly "hated" (sic) the Gospel of John... because it was too spiritual (re-sic). At least he admitted it. I wonder if N.T. Wright still believes in the divinity of Christ. If he doesn't, he should say so straightforwardly, instead of doing such rhetorical and theological gymnastics. I felt very uneasy all the way through, not because of the Jesus N.T. Wright presents- after all it's Wright's right, right? (you will find the description of this Jesus in other commentaries) but because I couldn't help feeling Tom Wright was constantly trying to keep an equilibrium between what his "faith" really is (and it actually shows!), and the faith he is (still?) supposed to stand for, being a bishop. Of course that could be too much of a prejudice on my part, and too far-stretched an understanding of his book, but... no more far-stretched than his conclusions, which didn't convince me and even made me regret having spent money and time on this one. Of course there is much truth in the historical context and the historical Jesus he presents, but I didn't learn anything new, and most of all... everything is so leveled to the ground that I found myself catching for breath at every turn of a chapter. If you're a christian and are about to read it, good luck! :-)

**Review 3:**

Very much worth the read.

**Review 4:**

a book we had to read for school.....

**Review 5:**

There are some gems in here, but I find it hard to follow him at times. Definitely one of those books you have to go back over because you missed 40% in the first pass....
