## Closer to the Light (Learning from the Near-Death Experiences of Children)

The skeptics have had their say; now listen to the experts. In hundreds of interviews with children who had once been declared clinically dead, Dr. Morse found that children too young to have absorbed our adult views and ideas of death, share first-hand accounts of out-of-body travel, telepathic communication and encounters with dead friends and relatives. Finally illuminating what it is like to die, here is proof that there is that elusive "something" that survives "bodily death." "New information on what may await us after death...Responsible, highly readable, and certainly thought-provoking." THE KIRKUS REVIEWS
