What others say about this ebook:

Review 1:

Good, but online resources are more convenient. I passed the Boards, but primarily used PM&R QBank Review website. Combine this book with Cucurullo and pmrqbankreview and you will definitely pass. All three together cover all PM&R knowledge gaps for sure. Good luck!

Review 2:

This is one of the best and comprehensive books in our field. EMG section is especially helpful for residents and clinicians. I find the book very useful for board re-certification.

Walter Friberg, MD, FAAPMR, Clinical Assistant Professor

DO NOT EVEN BOTHER BUYING, VERY BASIC QUESTIONS...

Glad to see that the idea from my senior resident project from many years ago finally made it into the form of a book. I know it will help a lot of people in their preparation for the board exam.

Review 5:

great review questions, fair answer explanations
