What others say about this ebook:

Review 1:

Weak strategies with very few examples. I am an English teacher who is looking for back up to prepare students for the new common core regents. I did not find this helpful.

Review 2:

The practice lessons are great for building skills, but the skills awareness pages 2-38 were very helpful in getting my students to understand the kinds of skills that will be tested. From there, they were able to pinpoint their own strengths and weaknesses.

Review 3:

a big help

Review 4:

Disappointing - light on material.

Review 5:

one of the better ones so far
