Scales of Justice: Reimagining Political Space in a Globalizing World (New Directions in Critical Theory)

Until recently, struggles for justice proceeded against the background of a taken-for-granted frame: the bounded territorial state. With that "Westphalian" picture of political space assumed by default, the scope of justice was rarely subject to open dispute. Today, however, human-rights activists and international feminists join critics of structural adjustment and the World Trade Organization in challenging the view that justice can only be a domestic relation among fellow citizens. Targeting injustices that cut across borders, they are making the scale of justice an object of explicit struggle. Inspired by these efforts, Nancy Fraser asks: What is the proper frame for theorizing justice?

Teen Feng Shui: Design Your Space, Design your life

A feng shui book specifically for teens. • Shows how to create balanced teen environments that promote personal development and positive self expression. • Tailors solutions to teen spaces: bedrooms, dormitories, desks, drawers, and lockers. • Shows how, when,

Answers Book for Kids Volume 3

Even adults struggle to understand our Creator - the infinite Being who seeks a personal relationship with each of us. Now children can begin to understand both God's Holy Word and the importance of Him in their lives - what He expects from them, why it is vital to follow His plan for their lives, and the love He has for them. Open the book and discover:

- Why can't I hear God talking to me?
- How big is God?
- What does God look like?
- Why do I get in trouble at school when I talk about the Bible?

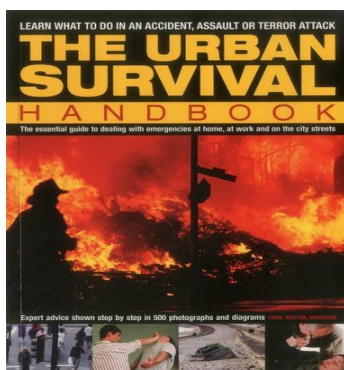

These important answers will empower children to live with godly values and with a spirit of obedience for God. The new Answers Book for Kids series is a unique collection from Ken Ham and the creative team at Answers in Genesis. Other books in the series include:

- Vol. 1 - 22 Questions on Creation and the Fall
- Vol. 2 - 22 Questions on Dinosaurs and the Flood of Noah
- Vol. 4 - 22 Questions on Sin, Salvation, and the Christian Life

Badminton Kid 2: The Weird City (Volume 2)

What others say about this ebook:

Review 1:

Read Scales of Justice for a philosophy course. It was surprisingly enjoyable. Fraser is humble and honest, her views are typically provocative.

Review 2:

In this book, Fraser revises her justice theory (which included redistribution and recognition) and adds a third dimension (representation). The book feels repetitive towards the end, but Fraser's ideas are interesting, engaging, and at times, provocative. One of the chapters include a great historical review (using her theory) of the second wave feminism, and a critique of current politics tied up with fundamentalist evangelicalism. Overall, a good book.

Scales of Justice: Reimagining Political Space in a Globalizing World

My title, Scales of Justice, evokes two images. The first one is very familiar, almost a cliché: the moral balance in which an impartial judge weighs the relative merits of conflicting claims. Long central to the understanding of justice, this image still inspires struggles for social justice in the present era, notwithstanding ...
