The Paintings of Joan Mitchell

Joan Mitchell (1926-1992) was one of the few women among the first-rank Abstract Expressionist painters. She outpaced all but a handful of her male mentors and counterparts, while only Lee Krasner stands as a possible rival among her female counterparts. Although well regarded by critics, fellow artists, and the general public, Mitchell's achievement has never received full recognition; her work has not been shown in New York for more than twenty-five years. This exquisitely illustrated volume and the exhibition that it accompanies restore the artist to her rightful place in the history of American painting. Spanning Mitchell's entire career, from early works of 1951 until the year of her d

What others say about this ebook:

Review 1:

Very educational.

Review 2:

As bold a painter as DeKooning or any of the other stars of the period. Sadly overshadowed by a male dominant art society. Her work proves otherwise.

Review 3:

I am an abstract painter and I worship Joan Mitchell. The book is very good with photos and text. And not expensive.

Review 4:

the book of MITCHELLS PAINTINGS WAS EXCEPTIONAL'MANY PICTURES ANDQUALITY COLORS.

Review 5:

To my eternal shame, Joan Mitchell was only vaguely known to me, until I recently saw one of her paintings at a friends house - I was absolutely fascinated. I wanted to learn more about this wonderful artist, and chose "The paintings of Joan Mitchell" from the various books Amazon had on offer, as well as the documentary by Marion Cajori, "joan Mitchell, portrait of an abstract painter" .Both proved to be excellent choices.

The book is not just a beautifully executed catalogue of a major exhibition in 2003/2004 of Mitchell's work (with excellent reproductions!) but the extensive well-written and scholarly essay by Jane Livingston provides a wonderful introduction to Mitchell as a artist and a person. Cajori's documentary was made shortly before Mitchell's death, and provides extra depth and color to the book.

I was especially touched by Mitchell's repeated refusal to "explain" her works; as an abstract painter, she prefers to let her glorious colorful paintings speak for themselves, and to leave it to the individual viewers to decide what her art means to them

Joan Mitchell Foundation » Work

Joan Mitchell was born in Chicago in 1925. After graduating from the School of the Art Institute of Chicago in 1947, she was awarded a James Nelson Raymond Foreign Traveling Fellowship, which took her to France for a year in 1948-49, and it was there that her paintings moved toward abstraction. Returning to New York, ...
